

元朗東莞同鄉會熊定嘉幼稚園

各位家長：

1. 根據衛生署防護中心公佈，一些傳染病例如水痘、登革熱、手足口病、猩紅熱及季節性流感等不時於院舍及學校爆發。
2. 因此，學校在開學前已徹底清洗及消毒校園，亦會促請全校學生/教職員注意個人及學校環境衛生。
3. 為保持學生健康，我們籲請各位家長除了保持家居清潔衛生，亦須提醒貴子弟時刻保持個人及校園環境衛生，及注意以下各點：
 - 如子女有腹瀉、嘔吐及皮疹病徵，應盡快求醫；如有發熱、喉嚨痛、咳嗽或類似流感徵狀，必須立即戴上口罩和盡早求診，且須通知學校及留在家中休息，按照醫生的病假指示或直至徵狀消失及退燒後至少兩天(以較長者為準)才可回校。
 - 如子女感染手足口病，應留在家中休息，直至發燒消退及水乾涸、結痂後，才可回校上課。作為額外預防措施，如致病原確定為EV71型腸病毒，應在所有水變乾後兩星期才可返校。
 - 如子女有不適或須留院觀察，需立即通知學校。學校在有需要時會向衛生防護中心或有關部門呈報學生的情況及聯絡資料，使防控傳染病的工作可更有效地進行。
 - 遇有子女在校內不適，應與學校通力合作，將患病子女盡快從學校接走，並即時求診。
 - 為子女提供手帕，並提醒子女不應與他人共用毛巾。
 - 提醒子女保持雙手清潔，打噴嚏或咳嗽時應掩著口鼻後要洗手及妥善棄置用過的紙巾。
 - 家長每天須在子女離家上課前為他們探熱、記錄並簽署體溫紀錄表，每天由貴子女交回學校。
 - 如學校獲衛生防護中心通知須實施量度體溫的額外措施，學校會通知家長相關安排。
4. 新學年開始，學校亦已要求校車/保姆車司機，以及隨車人員，如有發熱或其他傳染病徵狀，切勿駕駛/登車，並應另作適當安排，及必須立即將情況通知學校及家長。
5. 若有學生因病缺課，學校會盡量為他們提供學習支援，使他們不會缺課影響日後的學習進度。
6. 我們再次籲請各位家長通力合作，保持家居清潔衛生，並時刻提醒貴子弟注意個人衛生，做好一切預防傳染病的措施。

校長 陳港慶 啟

YUEN LONG TUNG KOON DISTRICT ASSOCIATION HUNG TING KA KINDERGARTEN

Dear Parents,

17th September, 2019

1. According to the Department of Health's Protection Center, some infectious diseases such as chickenpox, dengue fever, hand, foot and mouth disease, scarlet fever and seasonal flu have occasionally occurred in residential homes and schools.
2. Therefore, the school has thoroughly cleaned and disinfected the campus before the start of school. It will also urge all students/staff to pay attention to personal and school environmental hygiene.
3. To maintain the health of our students, we hereby appeal parents to provide hygiene in addition to keeping them clean. Remind your children at all times to maintain personal and campus environmental hygiene, and pay attention to the following points:
 - If your child has symptoms of diarrhea, vomiting and rash, seek medical advice as soon as possible. If have fever, sore throat, cough or similar flu symptoms, always wear a mask immediately and seek medical advice as soon as possible. You must inform the school and stay at home to rest. The doctor's sick leave instructions or until at least two days after the symptoms disappear and the fever has subsided, student can then be returned to school.
 - If your child is infected with hand, foot and mouth disease, you should stay at home and rest until the fever subsides and the water is dry and crusted before returning to school. As an additional precaution, if the pathogen is identified as EV71 enterovirus, it should be returned to school two weeks after all the water has dried.
 - If the child has discomfort or is required to stay in the hospital for observation, the school should be notified immediately. Schools will report the student's situation and contact information to the CHP or relevant departments when necessary, so that the prevention and control of infectious diseases can be carried out more effectively.
 - In case of the child feel unwell at school, the parent and school should work together to pick up the sick children from the school as soon as possible and seek immediate medical attention.
 - Provide a handkerchief to your children and remind your children not to share towels with others.
 - Remind your child to keep their hands clean, when sneezing or coughing, cover your mouth and nose, wash your hands and properly dispose of used paper towels.
 - Parents are required to check body temperature, record and sign a temperature record for their children before they leave home. They are returned to the school by your child every day.
 - If the school is notified by the CHP to implement additional measures to measure body temperature, the school will inform the parents of the relevant arrangements.
4. At the beginning of the new school year, the school has also requested school bus/nanny car drivers, as well as on-board personnel, such as fever or other infectious symptoms, do not drive/board, and make appropriate arrangements. The school and parents must be notified immediately.
5. If a student is absent from school due to illness, the school will try to provide them with learning support so that they will not be missing classes affecting the progress of the study in the future.
6. We once again appeal to parents to work together to keep the house clean and hygienic, and always remind your child to pay attention to personal hygiene and does all the prevention.

Yours faithfully,
Chan Kong Hing
Principal
